	APPROVAL OF STATE ENGINEER				
ferlle	This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the wing limitations and conditions:				
ter oth sha mains wore pur wat lim cer tot wha 377 151	This permit to change the point of diversion of a portion of the waters of an erground source as heretofore granted under Permit 35751 is issued subject to the ms and conditions imposed in said Permit 35751 and with the understanding that no er rights on the source will be affected by the change proposed herein. The well lib equipped with a 2-inch opening and a totalizing meter must be installed and notained in the discharge pipeline near the point of diversion and accurate measurets must be kept of water placed to beneficial use. The totalizing meter must be talled before any use of the water begins or before the proof of completion of k is filed. If the well is flowing, a valve must be installed and maintained to vent waste. This source is located within an area designated by the State Engineer suant to NRS 534.030. The State retains the right to regulate the use of the er herein granted at any and all times.  The total combined amount of water granted under this permit and Permit 37721 is ited to what the well covered under the two permits is capable of producing. If tificates of appropriation are issued under this permit and Permit 37721, the all combined amount of appropriation granted in said certificates shall not exceed the well covered under the two permits is capable of producing.  The total combined duty of water under this permit and Permits 37719, 37720, 37721, 27, 37723, 37724, 37725, 35750, 39161, 39162, 43144, 43145 and 43146 shall not exceed in million gallons annually.  (Cont. page 2)  amount of water to be changed shall be limited to the amount which can be applied to beneficial use, and not exceed.  0.06				
4.5	7 million gallons annually.				
Wor	k must be prosecuted with reasonable diligence and be completed on or before October 3, 1982				
Proc	of completion of work shall be filed before: November 3. 1982				
Арр	lication of water to beneficial use shall be made on or before				
Proc	f of the application of water to beneficial use shall be filed on or before				
Мар	in support of proof of beneficial use shall be filed on or before				
Сом	pletion of work filed				
Proo	State Engineer of Nevada, have hereunto set my hand and the seal of of beneficial use filed				
Cultu	my office, thisSthday ofAPRIL,				
Certi	ficate No				
_	2407 (Rev. 681)				

Those portions of Sections 14 and 15, T.19N., R.18E., M.D.B. & M., lying south of the right-of-way of U.S. I-80, are excluded from the place of use allowed under this permit.

This amended permit is issued for the purpose of reducing the annual duty from 14.47 million gallons annually as allowed under the original permit, to 4.57 million gallons annually.

The second amended permit is being issued to change the combined diversion rate from Permit  $\underline{37720}$  to Permit  $\underline{37721}$ , and also to include a permit term that was inadvertently omitted from the amended permit.
